Lucy Hoger has written a new book "Ignite Inspiration: Motivating Entrepreneurs To Achieve Work Life Balance and Stay On Top Of Business Trends To Easily Scale Business," which quickly reached number one on Amazon in a short period of time, in multiple countries. Ignite Inspiration can be found on Amazon. This book is for individuals looking for an entrepreneurial edge to achieve work life balance and stay on top of business trends that will readily and easily scale business growth and inspire the entrepreneur to motivate employees.

Ignite Inspiration was written to help entrepreneurs scale their business, develop better management skills, motivate employees, and improve personal skills through social entrepreneurship while discovering lucrative business trends. Among the motivational quotes and advice covered in the book are useful lessons about attitude, character, confidence, focus, inspiration, and strength.

The book suggests that keeping ahead of business trends are vital for the social entrepreneur and business management in order to achieve work-life balance. Motivation is the cornerstone of all achievement, both in personal lives and in business. Without proper motivation, little worthwhile happens. The reader will learn more about being a social entrepreneur, how to motivate employees, spotting current business trends, work life balance tips, and social entrepreneurship.

Graciela D. Ramos, from Amazing Grace Consulting, says, "In the first part of the book, Lucy explains the Evolution of Motivation giving a concise picture of what we are dealing with in our modern information based society and the way we learn today. I find my attention span has shortened dramatically over the past few years and this explained why, but more importantly, I now understand how I need to use this knowledge to connect with my clients. Lucy also clearly laid out the perspective necessary to take action and bring my own vision to fruition. As well as the inspiration to let go of my concerns and avoid wasting my energy on what is not important. This book inspired me to put my concepts into action. And that, I believe is what she set out to do.?"

Those interested in continued motivation during all stages of entrepreneurship, receiving work life balance tips to stay on top of business trends, readily and easily scaling business growth and ways to motivate employees, people are encouraged to visit Visionocity Magazine on Instagram.

Scott Sind, Editor in Chief & Publisher, writeHackr Magazine, says, "Lucy Hoyer's new book, "Ignite Inspiration", is a must-read for any entrepreneur. She's broken down seven critical areas of self-motivation, and provided insights into how our perspectives and expectations have changed over time. In today's fast-paced world marked by bite-sized communication and a "get in, get out" mentality, we've shifted from long-term, intensive reconditioning to a more streamlined, practical approach to motivation. "Ignite Inspiration" goes deep into how we consume and share information, and fine-tunes the business advice provided by leading authors from past decades. Lucy Hoyer has done a great job making these concepts accessible and actionable, and I highly recommend the book to anyone serious about succeeding in business."

Lucy Hoyer is a successful Board Member, CEO and Senior Executive with a track record for propelling organizations and companies to the next level of profitable achievement within their highly competitive markets. She has proven herself repeatedly as a leader for spearheading the turnaround of potential business failures into business successes. She possesses an exceptional ability to develop and retain leadership teams selected from of the "best of the best" talent that creates results-driven technology and business innovation.

Her unique expertise was honed by her background as a strategic consultant with Price Waterhouse and Gemini Consulting. That experience, combined with her career long real-world performance for several NASDAQ companies, brings a unique insight into problem solving for any business situation. She has served on the Board of Directors for twelve companies providing business growth guidance.

She publishes an internationally ranked digital magazine, Visionocity, which is focused on providing practical advice from contributing business owners who are succeeding in today's challenging environment. She is also a source of motivation and inspiration for over one hundred thousand followers worldwide through her Instagram account. She's gained insights into strategic trends that position her clients for exponential business advancement.

She also provides strategic positioning for businesses who wish to create and promote new products and services, and conducts leadership workshops for individuals to expand their careers and businesses.
