Outdoor Lighting Concepts Announces Membership in IFPG

June 23, 2026

Boca Raton, Florida - June 23, 2026 -
Outdoor Lighting Concepts, a brand operated by Landscape Lighting Franchise, LLC, announced today that it has joined the International Franchise Professionals Group (IFPG), a membership-based organization that connects franchise consultants, franchisors, lenders, and other franchise industry professionals.

The membership reflects Outdoor Lighting Concepts' continued participation in the franchise industry as the company develops its franchise program throughout the United States.

Landscape Lighting Franchise, LLC serves as the franchisor for Outdoor Lighting Concepts, a company that provides outdoor lighting design, installation, and maintenance services for residential and commercial properties. The company began offering outdoor lighting franchise opportunities in 2025 and has awarded territories in multiple markets.

Through its membership in IFPG, Outdoor Lighting Concepts will have the opportunity to engage with franchise consultants and industry professionals who assist prospective franchise owners in evaluating business opportunities. The membership will also provide opportunities for participation in educational programs, networking events, and other activities within the IFPG community.

"We are pleased to join IFPG and become part of its network of franchise professionals," said Ashley Freiman, Franchise Director for Outdoor Lighting Concepts. "We look forward to building relationships within the organization and sharing information about our franchise program with consultants and prospective franchise owners."

IFPG includes members representing a wide range of industries and franchise concepts across the United States and internationally. The organization provides educational resources, networking opportunities, and collaboration among franchise industry stakeholders.

Outdoor Lighting Concepts joins the organization during a period of continued activity in the home service

franchise sector. The company plans to participate in networking and educational opportunities through its IFPG membership and engage with other professionals within the franchise industry.
