Dr. Ted Injury Law Receives Super Lawyer Nomination While Marking 33 Years of Service

June 26, 2026

CHARLOTTE, NC - June 26, 2026 - PRESSADVANTAGE -

Dr. Ted Injury Law, a personal injury law firm serving North Carolina, South Carolina, and Georgia, has received recognition through the Super Lawyer Nomination process as the firm marks its 33rd year of continuous practice. The nomination highlights the unique qualifications of founding attorney Dr. Ted A. Greve, who brings both chiropractic and legal expertise to personal injury representation.

Dr. Greve founded his law practice in 1993 after earning his J.D. from North Carolina Central University, establishing what has grown into a nine-attorney firm with more than 100 years of combined legal experience. The firm maintains offices in Charlotte, Concord, Gastonia, Hickory, Raleigh, Shelby, Wilmington, Rock Hill, Atlanta, and Augusta.

The Super Lawyers selection process evaluates attorneys across 12 indicators of peer recognition and professional achievement, with no more than five percent of licensed North Carolina attorneys selected to the Super Lawyers list annually. For Dr Ted Injury Law Super Lawyer Nomination recognition reflects a practice built on an uncommon foundation in the Charlotte personal injury market: a founding attorney who practiced chiropractic medicine for more than a decade before earning his law degree.

"After three decades of practice, what continues to distinguish our approach is the clinical insight I bring from my chiropractic background," said Dr. Ted A. Greve, Founding Attorney at Dr. Ted Injury Law. "I personally review my clients' X-rays and bring diagnostic training to injury documentation that most personal injury attorneys must outsource to third-party medical professionals. This expertise proves particularly valuable in catastrophic injury, traumatic brain injury, and spinal cord cases where the gap between medical documentation and actual injury severity is where claims are most often undervalued."

Dr. Greve holds certification in chiropractic X-ray and auto collision reconstruction, credentials that complement his membership in the Million Dollar Advocates Forum. This prestigious trial lawyer organization limits membership to attorneys who have won million-dollar and multi-million-dollar verdicts and settlements, with fewer than one percent of U.S. lawyers qualifying for membership. He has also been recognized as one of America's Top 50 Lawyers in Personal Injury for North Carolina.

The firm's team of nine attorneys handles car accidents, motorcycle accidents, truck accidents, Uber and Lyft accidents, pedestrian accidents, bicycle accidents, slip and fall incidents, workers' compensation, wrongful death, catastrophic injuries, dog bites, elder abuse, and Social Security disability cases throughout the tri-state region.

North Carolina's strict contributory negligence rule, which bars all recovery if a victim is found even one percent at fault, makes the quality and depth of legal representation particularly consequential for personal injury victims. The combination of clinical injury insight, extensive trial experience, and comprehensive legal resources positions the firm to navigate these challenging legal standards.

Dr. Ted Injury Law operates on a contingency fee basis with no upfront costs and offers free consultations 24 hours a day. The firm was founded in 1993 by Dr. Ted A. Greve, a licensed chiropractor and personal injury attorney, and continues to serve clients throughout North Carolina, South Carolina, and Georgia with a focus on comprehensive personal injury representation.
