Arbor View Dental Group, a highly rated cosmetic and family dental office in Roseville, CA, has recently relocated. Their new office is state of the art and features an advanced water purification and filtration system. With their new office, they continue to provide a comfortable atmosphere with massage chairs and televisions in every room. Full details about their services are available on their website, <http://www.arborviewdentalgroup.com/>.

Tony Chen from Arbor View Dental Group says: "We are committed to providing our patients with the best of the best. This means that we focus not just on high quality treatment, but also on our patients' overall comfort. We want them to have a positive experience and to be completely happy with the results. From our new state of the art location in Roseville, we feel that we are better able to achieve that."

The clinic sets itself apart by building a true relationship with their patients, listening to their concerns and providing them with the best possible options. All staff members are highly trained in not just their field of dentistry, but also in providing empathic care to each patient. Only the latest, cutting edge technology is used and all treatments are offered in a comfortable environment. The clinic also offers emergency services as

needed. Finally, they understand that cost factors are often of importance to people, which is why they accept most major insurances, while also offering flexible finance options. People are encouraged to like the clinic's Facebook page on <https://www.facebook.com/ArborViewDentalGroup/> to learn more about them and to be kept up to date with any new services that are offered.

Patients of the Arbor View Dental Group have been full of praise about the services they have received. "Great place," says Melissa Z. on <https://www.yelp.com/biz/arbor-view-dental-group-roseville>. "I have been coming here for a few years now and have had no problem whatsoever. I am always reminded by text for my appointment which I like. They have had some new receptionists in there as mentioned in other reviews, but I have never had a rude experience. Katie rocks and Dr. Chen is always great! The office is clean and they get you in and out which is one of my top needs when it comes to the dentist. Lol I would recommend them to any of my family and friends."
