May 05, 2016 - PRESSADVANTAGE -

Healthy Smiles Dental, a dental clinic in Anchorage, AK, has been voted as one of the best practices in the city in 2015. This was according to a poll by Open Care, which hosts yearly patient choice awards. Dr. Terry J. Preece from the dental practice and the dentist Anchorage residents can rely on, wants to thank all his patients for their continued support.

Dr. Terry J. Preece says: "To be voted best dentist in Anchorage is a real honor. Our philosophy is to offer excellence, acceptance, honesty, respect, and the highest ethical standards to all our patients, and it is good to see that this is shining through."

This dentist in Anchorage offers both child and adult dental care. They are also highly understanding of people who have anxiety when they visit the dentist, offering a number of different treatment options, including sedation dentistry to those people. They ensure that all their treatments are affordable, comfortable, and convenient. The entire team at the clinic operates as a family, and they welcome each patient into that family fold.

Patients of the clinic, many of whom voted in the Open Care poll, have been incredibly positive about the treatment they have received. "Looking for a new dentist, I had a great first experience with this office," says Robert E. on the clinic's Google+ page. "Friendly staff, with a thorough exam and great cleaning! I didn't end up with a questionable list of things that needed 'fixing' as I've had other places. I like the extended hours a few days a week. Plan to bring the rest of my family here."

The Anchorage dentist offers a number of specific services to patients. These include cosmetic dentistry, comprehensive dentistry, tooth whitening, and sedation dentistry. They encourage any prospective patients to contact them to make an appointment for a consultation and to find out what the clinic is all about. Over the course of 2016, the clinic aims to further improve its offerings and to continue to operate by its inclusive philosophy. They aim to retain the award across this year, to become even better, and to further increase the services that they offer.
