

AC Insurance Services Announces Boat Insurance Services

May 25, 2016

May 25, 2016 - PRESSADVANTAGE -

AC Insurance Services, an insurance company in West Palm Beach, FL, is proud to announce that they now offer insurance policies for boats as part of their extensive list of services. Being based in Florida, many of their clients have boats of various sizes, all of which require highly specific insurance policies. The company is ready to discuss these needs and find the best possible policy.

Pete Steiner, representative of AC Insurance Services, says: "In Florida, we see boats from small rubber dinghies to superyachts that travel the world. Each of these has to be insured, and each of these will have specific needs and requirements. Someone with a superyacht, for instance, will also have to have other forms of insurance in place, such as content insurance, employer liability insurance, and more. Some insurance companies offer 'one size fits all' solutions, but we don't believe this is in the best interest of boat owners. We encourage everyone to contact us to receive a personalized quote."

The boat insurance policies offered by AC Insurance Services set themselves apart thanks to the different options that people can add to them. This enables them to create a specialized type of cover. Some of the options that people can choose from include total loss replacement, on water towing, and roadside

assistance for instance.

Those who have used the insurance packages offered by the company in the past have been incredibly pleased about the service they have received. "Marisol was amazing," says Rafael C. on the company's Facebook page. "She was definitely there for our best interest and got a great deal too. Thanks again."

AC Insurance Services understands the importance of shopping around to find the best deal on insurance products. This is why they ensure that those who make an inquiry are provided with all the information they need in order to find the best package possible. Their quotations are all free and no obligation as well. Those interested in any type of water craft insurance, be that a sailboat, a pontoon, a fishing boat, a house boat, or anything else, are encouraged to visit <http://myacis.com/free-quotes/> for more information.
