Awards Center, based in Louisville, KY, is proud to announce that they have launched a new and exclusive product, which is the Louisville Paperweight. This paperweight has been created in honor of Louisville and its citizens. It is already proving to be one of the more popular Louisville KY Awards.

Jason Malone, owner of the Awards Center says: "We created this product with the city of Louisville and its proud citizens in mind. It makes a great keep sake, paperweight, or it can be engraved and given as an award. They are available for purchase now, online through our website or you can purchase them at our store, located at: 4415 St. Rita Drive, Louisville, KY 40219."

The company offers a number of trophies in Louisville KY, each of which has been designed to honor different aspects of the community, the city, or any other element that a company or organization may want to provide an award for. The new paperweight, however, is quickly becoming their most popular product, not in the least because it is both beautiful and functional.

The glass paperweight features the City of Louisville logo in 3D. Those who order it can enjoy free personalization. As such, it is a great gift for any proud member of the Louisville community. It can also function as a keepsake, perfect for tourists who are looking for a way to remember their trip to the city. In fact,

it is proving to be very popular with tourist and souvenir shops, with people from all over the world making a purchase.

As with all Awards Center's products, the new paperweight can be engraved with any text, within certain character limits. Engraving is completely free with the new paperweight, which means it can be used not just as an award, but also as a promotional item for any business within Louisville.

Today, many plaques in Louisville KY have been created by the Awards Center. They aim to ensure that many more plaques will follow, and that every desk will be graced with a paperweight as well.
