

USA Cabinet Store LLC Expands Kitchen Remodeling Services with Dedicated Regional Designer in Annapolis

July 08, 2026

Annapolis, MD - July 08, 2026 -

USA Cabinet Store LLC has assigned a dedicated regional designer to its Annapolis, Maryland showroom, enhancing its capacity to serve homeowners throughout Anne Arundel County with comprehensive kitchen and bath remodeling services. The strategic staffing addition mirrors successful implementations at the company's Falls Church, Vienna, McLean, Alexandria, and Cary, North Carolina locations.

The dedicated designer will serve as a single point of contact for clients, managing each project from initial design consultation through final installation. This includes overseeing product selection, permit coordination, and installation scheduling for both kitchen remodeling and bathroom renovation projects throughout the greater Annapolis area.

The expansion comes as Annapolis homeowners face a competitive real estate market that encourages renovation over relocation. According to Zillow's Home Value Index, the average Annapolis home value

stands at \$630,139, representing a 1.8 percent increase over the past year, with homes going to pending status in approximately nine days. Redfin data shows Anne Arundel County's median sale price reached \$502,000 in January 2026, marking a 6.1 percent year-over-year increase, with homes selling after a median of 53 days on market.

"The Annapolis market presents unique renovation opportunities with its mix of historic properties and waterfront homes," said Emin Halac, President of USA Cabinet Store LLC. "By assigning a dedicated regional designer to our Annapolis showroom, we're ensuring that each client receives personalized attention throughout their entire renovation journey, from conceptual design to the final installation of their kitchen cabinets and fixtures."

The Annapolis showroom, located at 508 Chinquapin Round Road Suite A, serves communities across Anne Arundel County, including Parole, Arnold, Severna Park, Crofton, Davidsonville, Edgewater, Crownsville, Cape St. Claire, Mayo, Shady Side, and West River. The location also supports homeowners from Kent Island, Stevensville, and portions of Howard and Prince George's counties.

The company offers premium cabinetry systems in inset, framed-overlay, and frameless-full access styles, along with flexible financing options including zero-percent-interest plans and extended monthly payment arrangements.
