

Better Builders Maintains Five-Star Excellence in Seattle Home Remodeling Services

July 03, 2026

SEATTLE, WA - July 03, 2026 -
Better Builders, a Seattle-based design-build remodeling company with over 35 years of experience, continues to maintain exceptional customer satisfaction ratings across all service categories, reinforcing its position as a leading home renovation contractor in the Pacific Northwest region.

The company's consistent five-star ratings span its comprehensive portfolio of services, including custom home building, whole-house remodels, kitchen and bathroom renovations, home additions, basement remodeling, and accessory dwelling unit construction. This sustained excellence reflects the company's commitment to quality craftsmanship and customer service that has defined its operations for more than three decades.

"Maintaining five-star ratings across every project category requires more than technical expertise?it demands a genuine commitment to understanding and exceeding client expectations," said Pete Baughman, President of Better Builders. "Every Custom Home Builder project we undertake represents a significant

investment for our clients, and we approach each one with the dedication and attention to detail that has earned us this reputation."

The company's approach combines traditional craftsmanship with modern building techniques, focusing on high-performance renovations that enhance comfort, functionality, and long-term property value. This methodology has proven particularly effective in the Seattle metropolitan area, where homeowners increasingly seek sustainable and energy-efficient home improvements.

Better Builders distinguishes itself through its comprehensive design-build process, which streamlines project management by handling both design and construction phases. This integrated approach minimizes communication gaps, reduces project timelines, and ensures consistency from initial concept through final completion. The company's team manages everything from minor updates to complete home transformations, always prioritizing structural integrity and aesthetic appeal.

The company's service portfolio addresses diverse homeowner needs throughout the Seattle region. Kitchen remodels transform outdated spaces into modern, functional areas that serve as the heart of the home. Bathroom renovations enhance both comfort and property value through thoughtful design and quality materials. Home additions provide expanded living space while maintaining architectural harmony with existing structures. Basement remodeling converts underutilized areas into valuable living spaces, from home theaters to additional bedrooms.

Additionally, Better Builders has developed expertise in accessory dwelling unit construction, addressing Seattle's growing need for flexible housing solutions. These secondary housing units provide homeowners with rental income opportunities or multi-generational living arrangements while maximizing property potential.

The company backs its work with a comprehensive five-year craftsmanship warranty that exceeds industry standards, demonstrating confidence in its construction quality and commitment to customer satisfaction. This warranty coverage provides homeowners with peace of mind and reflects the company's dedication to standing behind every project.

Better Builders serves the entire Seattle metropolitan area, bringing decades of local market knowledge and established relationships with suppliers and subcontractors to every project. The company's deep understanding of regional building codes, climate considerations, and architectural styles ensures that renovations not only meet but exceed local standards and homeowner expectations.
