

Leven Rose Launches Spinach Seed Oil For Silky Hair and Smooth Skin

May 10, 2016

May 10, 2016 - PRESSADVANTAGE -

Colorado Springs, CO natural health and beauty company, Leven Rose, recently launched their new product, Spinach Seed Oil. Spinach Seed Oil, packed with vitamins A and C, helps restore and repair damaged skin and hair. This new oil brings about a clear complexion and beautiful glow and can be purchased on Amazon through <http://www.amazon.com/TRUSTED-Leven-Rose-Spinach-Seed/dp/B01E09MFOA>.

Courtney Olsen, of Leven Rose, explains: "Our spinach seed oil is exactly what it says on the bottle: spinach seed oil. It is 100% organic, as with all our products, and is totally natural, unrefined, and cold pressed. Designed for the face, hands, scars, and breakouts, it will leave your skin feeling silky smooth."

As with all Leven Rose's products, the spinach seed oil is designed to be of therapeutic grade. As can be seen on the Leven Rose website, <https://www.levenrose.com/products/spinach-seed-oil-1-oz>, the oil is also very high in vitamin B. This means that it can help to protect the skin from the damage caused by UV rays. When paired with natural sunscreen, Spinach Seed Oil can provide the skin with added protection, while at the same time, repair the damage that has already been done. This oil is a restorer of wrinkles, fine lines, and sunspots through natural cell regeneration.

Courtney Olsen adds, "Spinach Seed Oil can also help to increase hair growth. It is packed full of iron, potassium, essential fatty acids, and all the important vitamins. With all of these rich nutrients, it is great for strengthening hair, promoting growth, and preventing hair loss. Just massage the oil into the scalp and let sit for twenty minutes before rinsing."

As with all Leven Rose products, Spinach Seed Oil is made in the USA, 100% organic, and has not been tested on animals. It is also kosher, vegetarian and vegan-friendly.
