

SoHo63 Expands Modern Wedding Venue Services to Include Bar and Bat Mitzvah Celebrations

July 09, 2026

July 09, 2026 -

SoHo63, a Downtown Chandler event venue, has expanded its service offerings to include Bar Mitzvah and Bat Mitzvah celebrations alongside its established wedding and corporate event services. The venue's all-indoor event options provide families with climate-controlled spaces for milestone celebrations throughout the year.

The expansion addresses growing demand from families seeking versatile venues that can accommodate both traditional ceremony requirements and contemporary celebration preferences. SoHo63's multiple event spaces, including the Gramercy Ballroom and The Plaza, offer flexible configurations for religious ceremonies, receptions, and party activities that typically accompany these coming-of-age celebrations.

"We recognized that families planning Bar and Bat Mitzvahs need the same level of detailed coordination and personalized service that we provide for weddings and corporate events," said Megan Schmidt, CEO and Owner of SoHo63. "Our team understands the significance of these milestone celebrations and works closely with families to ensure every aspect, from the ceremony to the party, reflects their traditions and vision."

The venue's Downtown Chandler location provides convenient access for guests, with nearby hotels, restaurants, and parking facilities. The property features several distinct spaces that can be utilized throughout an event, including Brix on Boston for cocktail hours, The Tribeca Terrace for outdoor gatherings, and the Gramercy Ballroom for receptions and dancing.

As one of the modern wedding venues in the area, SoHo63 has established a reputation for managing complex event logistics. The venue's experience coordinating weddings translates directly to Bar and Bat Mitzvah planning, where timing, vendor coordination, and attention to cultural details are essential. The venue provides comprehensive packages that include audio-visual support, customizable floor plans, and coordination with preferred vendors for catering, photography, and entertainment.

"The versatility of our spaces allows us to transition seamlessly between different types of events while maintaining the personalized attention each celebration deserves," added Schmidt. "Whether we're hosting a corporate holiday party in December or a Bar Mitzvah in June, our team ensures every detail is handled professionally."

The addition of Bar and Bat Mitzvah services comes as corporate event venues in Chandler continue to diversify their offerings to meet evolving market demands. SoHo63 also hosts corporate meetings, holiday parties, memorial services, and special occasions ranging from anniversaries to galas.

The venue's all-indoor capabilities have become increasingly important for event planners seeking weather-independent options. The climate-controlled environments ensure comfort for guests regardless of Arizona's seasonal temperature variations, while the venue's design maintains an open, airy atmosphere through features like exposed ceiling beams, chandeliers, and an indoor-outdoor flow between spaces.

SoHo63 operates as a full-service event venue in Downtown Chandler, offering comprehensive event planning and coordination services. The company specializes in creating customized experiences for weddings, corporate functions, and private celebrations, with a focus on managing logistics and vendor relationships to ensure smooth event execution.
