

Davis & Son Announces Comprehensive Air Conditioning Services for Southwest Missouri Properties

July 21, 2026

MONETT, MO - July 21, 2026 -

Davis & Son, a leading HVAC and plumbing contractor serving Southwest Missouri for over 40 years, announces the continued availability of comprehensive air conditioning services for residential, commercial, and industrial properties throughout the region. The Monett-based company provides full-service air conditioning solutions including AC repair, new system installation, routine maintenance, and indoor air quality improvements.

The announcement comes as property owners across Southwest Missouri prepare for seasonal temperature changes and seek reliable HVAC contractors to maintain optimal indoor comfort. Davis and Son Air Conditioning services encompass a wide range of solutions, from emergency repairs to complete system overhauls, serving counties including Barry, Lawrence, Christian, Greene, Jasper, Newton, McDonald, and Stone.

"Our commitment to Southwest Missouri extends beyond simple repairs," said Kristen, a representative for Davis and Son. "We provide comprehensive air conditioning solutions that address immediate needs while ensuring long-term system reliability and efficiency. From refrigerant recharges to complete central air installations, our experienced technicians deliver solutions tailored to each property's unique requirements."

The company's air conditioning services include refrigerant recharges, compressor repairs, thermostat repair and replacement, condenser coil cleaning, and complete system installations. Davis & Son specializes in both traditional central air systems and modern ductless mini-split installations, offering property owners flexible cooling solutions. Additional services encompass heat pump installation, smart thermostat setup, air purification systems, UV light installation, dehumidifier installation, and comprehensive duct cleaning.

Emergency AC repair services remain a cornerstone of the company's offerings, with technicians available to address urgent cooling system failures that can impact comfort and productivity. The company also provides routine HVAC maintenance and air conditioning tune-up services designed to prevent unexpected breakdowns and extend equipment lifespan.

Commercial and industrial clients benefit from customized HVAC repair and air conditioning installation services scaled to meet larger facility demands. The company's four decades of experience enable them to handle complex commercial projects while maintaining the personalized service that has defined their approach since inception.

Financing options are available for qualified customers seeking air conditioner repair or AC installation services, making essential cooling system upgrades more accessible. Free quotes are provided for all services, allowing property owners to make informed decisions about their HVAC investments.

The company maintains its headquarters at 2306 E Cleveland Ave in Monett, Missouri, and can be reached at (417) 235-6688 for service inquiries and scheduling.

Davis & Son has established itself as a trusted HVAC contractor throughout Southwest Missouri, combining technical expertise with a commitment to customer satisfaction. The company's comprehensive approach to air conditioning service addresses both immediate repair needs and long-term system optimization, supporting the comfort and efficiency goals of residential, commercial, and industrial clients across the region.
