Good Neighbor Storage Introduces Outdoor RV, Car & Boat Parking for Neosho Region

August 17, 2026

NEOSHO, MO - August 17, 2026 -
Good Neighbor Storage, a Christian-owned and locally operated self-storage facility in Neosho, Missouri, has announced the availability of secure outdoor vehicle storage for RVs, boats, cars, trucks, trailers, and other recreational equipment throughout Newton County and surrounding areas. The newly built facility now offers spacious outdoor parking lots designed for residents who lack adequate room to store large vehicles at home.

The addition responds to a common challenge across the region. Apartment dwellers, retirees, and property owners bound by homeowners association restrictions often have no practical place to keep a recreational vehicle, boat, or trailer. Good Neighbor Storage RV, Car & Boat Parking spaces provide those residents with a secure alternative, complete with wide lots that give owners ample maneuvering room for backing in RVs, trailers, and large boats.

The outdoor lots are part of a fully fenced facility with electronic gate access and wireless security cameras equipped with motion tracking and night vision. Renters receive 24/7 access to their vehicles and recreational equipment, allowing them to retrieve a camper for a weekend trip or return a boat after a day on the water at any hour. Spaces are available for both short-term and long-term rental, with month-to-month and extended options managed through an online rental portal.

The expanded offering complements the range of services already available at Good Neighbor Storage. Beyond recreational vehicle storage, the facility provides traditional self-storage units ranging from compact 10x10 spaces to large outdoor areas, along with business storage solutions and a full-service moving center stocked with packing supplies, boxes, moving trucks, and cargo trailers.

"Many people in this area own a boat or an RV but simply do not have the room to keep it safely at home," said Cory Platt of Good Neighbor Storage. "The Car & Boat Parking lots were built to give those

residents a dependable, well-secured place close to home. Wide lanes and a gated perimeter make the experience straightforward, whether someone is storing a fishing boat or a full-size motorhome."

Platt noted that the facility's approach reflects the values behind the business. "Being locally operated means the team understands what neighbors here actually need," he said. "The goal is to serve individuals, families, and businesses with clean, secure space and honest service. Outdoor vehicle storage was a natural next step in meeting the storage needs of this community."

The fenced lots accommodate a variety of vehicles, including cars, trucks, campers, trailers, and commercial equipment. Renters can review availability and reserve a space through the online portal, choosing the term that fits their situation.

Good Neighbor Storage is a Christian-owned self-storage facility based in Neosho, Missouri. The company offers self-storage units for rent, business storage solutions, vehicle storage for cars, boats, and RVs, and a moving center featuring packing supplies, boxes, trucks, and cargo trailers, along with partnerships with professional movers. Guided by faith-based values, Good Neighbor Storage maintains clean, well-maintained facilities and prioritizes dedicated service to the Neosho community.
