May 11, 2016 - PRESSADVANTAGE -

Daniel Hall Combined Enterprises, a training company, is proud to announce the launch of a new Udemy course. This course, developed in conjunction with the University of Puerto Rico Graduate School of Business and Dave Watkins, the CEO of FeedYak, is called 'Land a High Potential Fortune 500 Executive Fast Track Job!' The course is available 100% free and has been designed to help graduating college students secure a six figure Fortune 500 placement. It is available through <https://www.udemy.com/land-your-1st-high-pay-fortune-500-executive-fast-track-job/>.

Luanna Rodham from Daniel Hall Combined Enterprises says: "The new course is exactly as the name suggests: an opportunity for students to land a job with a Fortune 500 company as quickly as possible. We're so happy to be able to offer this course for free through the Udemy network, and it is good to see that it is being very well received."

The Business Insider online magazine recently published the highlights of the best jobs of the future. This article can be accessed through <http://www.businessinsider.com/the-21-best-jobs-of-the-future-2015-12>.

It points out that the healthcare and tech sectors are the fastest growing and best in the country.

In the 2.5 hour Udemy course consisting of 17 videos, CEO Dave Watkins describes the ins and outs of going through the interview process of a Fortune 500 company. This training is suitable for those who are looking to have their first job placement, or for those who want to advance their existing career.

But don't feel boxed into a Fortune 500 cubicle, Watkins says.

There has been a lot of media attention on 'world's best jobs'. Voted top is professional panda hugger, as highlighted on

<http://www.lostateminar.com/2016/01/30/best-job-ever-involves-hugging-pandas-full-time-for-32000-a-year/>.

This is, for many, the ideal job and comes with a hefty annual salary to boot. According to Luanna Rodham,

the course is designed to also help people follow a path with heart in jobs like that. "The course isn't just for those wanting to get a foot in the door at a Fortune 500 company. Essentially, it is designed to give people the knowledge and tools they need to land their personal dream job, whatever that may be."
