

RJA Construction Earns Two Honors at Dallas Builders Association 2026 McSAM Awards

July 17, 2026

Dallas, Texas - July 17, 2026 -

RJA Construction, LLC, a Dallas, Texas-based home remodeler, celebrated a landmark evening at the Dallas Builders Association 2026 McSAM Awards, securing two distinguished honors: Best Builder Website and Remodeler of the Year. These achievements recognize the company's commitment to exceptional craftsmanship, thoughtful design, clear communication, and an elevated client experience both online and throughout the construction process.

The recognition arrives as RJA Construction enters its 16th year, having recently commemorated its 16th anniversary of delivering exceptional residential remodels, additions, and custom new homes across the Dallas area. Over the years, the company has continued to strengthen its reputation as a trusted residential construction partner while helping homeowners transform their spaces through high-quality, carefully managed projects.

"Sixteen years in, and this feels like just the beginning," said Billy Rousseau, Owner and Founder of RJA

Construction. ?These awards belong to everyone who has trusted us with their home, partnered with us on a project, or shown up every day to do the work. Dallas has given us so much, and we are committed to giving it back through the quality of everything we build.?

The company?s two award-winning achievements highlight excellence across both residential construction and digital brand experience.

The Remodeler of the Year honor represents the highest level of recognition for overall excellence in residential remodeling across the DFW market. It reflects a commitment to thoughtful design, quality craftsmanship, seamless project execution, and an exceptional client experience. This honor underscores RJA Construction?s dedication to delivering homes that are both beautifully designed and expertly built while maintaining strong relationships with clients, architects, and trade partners throughout every phase of the process.

The Best Builder Website award recognizes excellence in digital presence, user experience, and the professional representation of a builder?s brand and portfolio online. RJA Construction is proud to partner with Mixed Media Creations, a DFW-based design and marketing studio, to support ongoing brand communication and maintain a refined, high-performing website. Together, this partnership ensures that every client touchpoint, from the first visit online to the final walkthrough, reflects the same level of care, precision, and attention to detail that defines each project.

RJA Construction?s history and reputation are rooted in more than 16 years of serving homeowners throughout the Dallas area.

Founded in 2010 and rooted in Dallas, RJA Construction is a premier residential construction firm specializing in whole-home remodels, additions, and custom new builds. Led by Owner and Founder Billy Rousseau, a proud Dallas native and Bishop Lynch High School alumnus, the company has built its reputation on a foundation of quality craftsmanship, design integrity, and transparent client communication powered by Buildertrend technology. This commitment supports a collaborative experience that keeps clients informed and confident throughout each stage of the construction process.

RJA Construction is a trusted partner to Dallas homeowners, architects, interior designers, and trade professionals. In addition to back-to-back Remodeler of the Year honors, the firm has been recognized as a D Home Best Builder, a Builder + Architect Award winner, and a BBB Accredited Business, and holds EPA Lead-Safe Certified Firm status.

Beyond the build, the Rousseau family is deeply engaged in the Dallas community. Billy Rousseau is a proud Dallas native and Bishop Lynch High School alumnus who has built his company and raised his family in the

heart of East Dallas. That lasting community connection is the foundation of how RJA Construction operates and approaches every project.

This latest industry recognition further establishes RJA Construction among the leading residential builders and remodelers in the DFW market.

The McSAM Awards, presented annually by the Dallas Builders Association, represent the pinnacle of peer recognition in the DFW building and remodeling industry. Categories are judged on design excellence, construction quality, client experience, and business professionalism. Earning two awards in a single year places RJA Construction among an elite group of DFW residential builders.
