

Vitality Dental Offers Multilingual Care for Patients in Plano, TX

July 20, 2026

July 20, 2026 -

Vitality Dental, a leading boutique dental practice in Plano, announced its continued expansion of accessible healthcare through the optimization of its multilingual services. Catering to the diverse demographics of the Dallas-Fort Worth Metroplex, the clinic proudly offers comprehensive oral care in English, Korean, Chinese, and Spanish. This cultural accommodation helps eliminate language barriers, allowing patients to fully understand their dental health options and feel completely at ease.

The multilingual initiative is heavily backed by the exceptional credentials and diverse backgrounds of Vitality Dental's premier clinical team, ensuring that top-tier expertise accompanies their inclusive care.

Practice founder Dr. Andrew Kung brings elite clinical distinctions to the community. A Plano native and graduate of Plano Senior High School, Dr. Kung pursued his Bachelor of Science in Immunology and Molecular Genetics at UCLA before earning his dental degree from the prestigious New York University (NYU) Dental School. He holds highly coveted Fellowship status with both the Academy of General Dentistry and the International Congress of Oral Implantologists, backed by nearly 1,000 hours of specialized implantology training. Dr. Kung views oral healthcare as an intersection of science, technology, and artistry.

"Our mission at Vitality Dental is to deliver world-class dental care that is tailored to the individual needs of our community, and that begins with clear communication," said Dr. Andrew Kung, founder of Vitality Dental. "By providing services in multiple languages, we are tearing down the communication walls that often cause dental anxiety. Combined with our advanced technologies, we ensure that every patient—regardless of their background—fully understands their treatment plan and can confidently take charge of their health journey."

Adding to the practice's robust capabilities and multilingual outreach is Dr. David Burkett, DDS. Born and raised in Ft. Worth, Texas, Dr. Burkett brings a unique background to the team. He initially attended Texas A&M University, where he received a degree in Construction Science, subsequently working as a project manager for seven years in commercial construction before discovering his true passion for dentistry. He graduated from the Texas A&M College of Dentistry in 2023 and has excelled in private practice dentistry ever since.

Dr. Burkett's journey to dentistry was paved by his love of working with his hands and a deep desire to care for people. He treasures building strong relationships with his patients, always striving to help them achieve healthy and fruitful lives, and firmly believes that smiles and laughter are the best medicine. Further strengthening the clinic's inclusive mission, Dr. Burkett speaks both English and Spanish.

The team also features Dr. Son, an expert in restorative treatments who grew up in New Jersey. Dr. Son completed his undergraduate studies at Emory University before graduating from the University of Southern California (USC) School of Dentistry, subsequently dedicating his post-graduate path to advanced dental implant education.

By uniting doctors trained at the nation's most elite institutions with a robust multilingual staff, Vitality Dental provides highly accurate, state-of-the-art treatments under one roof. The practice seamlessly manages general dentistry, pediatric care, cosmetics, advanced implant placements, and emergency services, utilizing advanced 3D cone beam imaging and digital technology to maximize patient comfort.

Vitality Dental operates with an efficient, professional schedule designed around the real needs of busy families and professionals. The office is open Monday through Friday from 7:00 AM to 3:00 PM, providing a convenient solution for early morning care.
