

Cosmetic Dentist Offers Veneers, Whitening, Implants And TMJ Service

June 13, 2016

June 13, 2016 - PRESSADVANTAGE -

Pope Dental, a dental clinic in Walnut Creek, CA, has highlighted its services including veneers, teeth whitening, dental implants, and treatment for TMJ disorders. Local Visibility Consultants, a well known online marketing company, has been working together with the dental clinic in Walnut Creek, CA, to increase the latter's online visibility. The first stage of the project was to better optimize the clinic's website, which can be accessed at <https://popedental.com/>.

Pope Dental is a well-known clinic that has been operating for many years. In those years, they have built a solid reputation as being one of the best cosmetic dentists in the area. However, they did not yet engage in 21st century online marketing, which is why they joined forces with Local Visibility Consultants. So far, things are going according to plan and the clinic is already seeing some positive results.

The website clearly highlights the various services that the clinic is known and respected for. It also showcases the numerous awards that Dr. Scott H. Pope has received, such as America's Best Dentists 2015, America's Top Dentists for 2006-2015 from the Consumer's Research Council of America, and Excellence in Customer Satisfaction. Furthermore, as part of the overall internet marketing campaign, the clinic's social

media pages have also been launched. In a short period of time, their Facebook page has already received a large number of likes, as well as a wealth of positive reviews.

"An amazing staff that has been together for over 15 years," says Cathy A. on the clinic's Facebook page. "Dr Scott and Dr Audrey are just the best." This review is emulated by many other patient testimonials, which have also been listed on the new website.

The clinic offers a range of dental services, but their specific focus is on cosmetic dentistry, single visit dental crowns, and dental implants. Dr. Pope himself is a highly trained dentist who is committed to always offering the most up-to-date treatments. As such, the clinic always invests in the latest in dental technology, including CEREC One Visit Dentistry, Onpharma, and Sirona. In so doing, they want to ensure their patients have a reason to smile again.

Pope Dental is located at 1844 San Miguel Drive Suite 200 Walnut Creek, CA 94596.

To contact Pope Dental call (925) 939-4989.
