

Curtains And Blinds Store Set To Open In Toronto

May 17, 2016

May 17, 2016 - PRESSADVANTAGE -

A store that specializes in custom drapery, beddings and blinds has announced that they are set to open in Vaughan, Ontario. The Grand Opening is scheduled for June 25, 2016. Haute Couture Drapery will be located in Canada's largest home improvement center, known as Improve Canada.

Bella Gurgov, a spokesperson for the store says, "We are so pleased to officially announce that we will be opening our doors to the public for the first time. We can't wait to build relationships with our customers for many years to come."

The company will be offering curtains and blinds Toronto residents are expected to find to be of satisfactory quality and style, as well as bedding solutions. Bella states that they have on hand a number of products, made from a variety of different fabrics and in many styles and colors for home and business needs.

"Our drapery is custom made, and designed to reflect each individual's personal style," Bella says. "We also have haute couture services that include professionally made custom drapery designed by myself, an interior designer with years of education and experience."

Bella has more than 30 years of experience in interior design and possesses education related to current

design norms and home decorating. She states that she will work with clients to ensure that they receive the drapery and bedding solutions that will perfectly fit their specific tastes and style.

The store offers a customized approach to draperies, providing traditional, modern, and contemporary pieces for home or office decorating. They state that all draperies will be completely custom made to fit the specific size or shape of any window, and they back all of their draperies with a 100 percent customer satisfaction guarantee.

The store also has a website where interested consumers and businesses can get a better look at the variety of pieces that will be offered in the brick and mortar store. Bella says that they have been busily planning the store's Grand Opening for quite some time, and that they also offer a blog and other helpful resources on their website.

Those interested can learn more about the drapery store by visiting their official website. The company's blog, which is also accessible from the website, offers tips and advice for choosing draperies, among other topics.
