May 16, 2016 -
Lawton, Oklahoma based florist Flowers By Ramon, has been awarded an FTD Quality star. The FTD Quality Star rating is evaluated each four-month directory cycle and Flowers By Ramon Florist Inc. successfully met this important designation's criteria for the entire year. This award is out of 40,000 florists in 150 countries.

Ramon John of Flowers By Ramon, says, "We're pleased more than words could possibly say about the award. Our goal is to excel in flowers for weddings, funerals, and any other occasion you might have. We appreciate that our customers and FTD both find that we are meeting those goals."

The florist reveals that they have even done Miss America's wedding as well as flower arrangements for the Oklahoma Governor's Ball.

The FTD Quality Star Program provides florists with a benchmark that allows them to show their customers how well they compare to other florists. Florists must be part of the FTD network in order to be eligible for the award. The Quality Star rating takes users order data to calculate quality level. Florists that are found to be above a specific quality rating receive the Quality Star. Ratings are calculated quarterly and printed in monthly Clearinghouse Statements.

"We have always tried to provide our customers with the highest possible level of quality in our flowers, as well as our customer services," points out Ramon John.
