Flott & Co. PC, based in Arlington, VA, is now providing FBAR filing and assistance services. The international tax attorney firm sets itself apart by focusing specifically on international taxation, transactions, and other commercial matters. The US Foreign Bank Account Report (FBAR) services, which have to do with issues relating to US citizenship and expatriation, are some of their most popular.

For Flott & Co. PC the goal is to make sure people are always compliant with the various taxation laws. FBAR is incredibly complex and it is all too easy to make a mistake. Such mistakes may lead to many people facing significant fines. The law firm wants to ensure that their clients will be able to avoid those mistakes, are fully compliant with the laws and regulations, and thereby not end up paying too much tax either.

The international taxation law firm was founded in 1990. Over the next 26 years, they grew into one of the most respected companies of its kind, ensuring businesses and individuals are able to meet their personal and organizational goals. They always look for the most cost effective yet compliant solutions, thereby ensuring their clients can minimize their taxes.

The company has built up its experience on US taxation as well as international transportation activities. These include US taxation of income generated in the US by foreign individuals, or income generated abroad by US citizens. These are some of the most complex areas of tax law and many people find themselves struggling to grasp the components that are applicable to them. They are encouraged, therefore, to contact the law firm as soon as possible to avoid these types of mistakes.

The Flott & Co. PC team consists of well qualified lawyers who have considerable experience on a wide range of international tax and business issues, tax controversies, estate planning, citizenship and expatriation matters, among others. They represent business and individuals in their various international tax affairs.

Those who need to file the FBAR are encouraged to contact the company as soon as possible in order to make sure their filing is done properly and on time.
