May 17, 2016 - PRESSADVANTAGE -

KJ Gardner Singleton, who is the new Certified FreshLime Consultant for Oklahoma, has announced that his digital marketing company can guarantee a 3X return on investment. Mr. Singleton has been helping small business owners grow their companies since 2012 when he launched the breakout Thunderbird Media Group in Oklahoma City, OK. His newly formed agency, FresherLeads Marketing Group, is also headquartered in Oklahoma City and offers an unparalleled 3X guaranteed return on investment. More details are available through <http://fresherleads.com/>.

KJ Gardner Singleton himself says: "Once we fine-tuned all the marketing processes and data collection for local service businesses in our beta test, it became clear that we could easily deliver a 3X guarantee to all our customers."

Although Singleton specializes in working with Spa & Wellness service businesses, because this marketing approach is so new to the digital marketing industry, he is taking on a limited number of clients from Oklahoma until he builds up a local sales team there. All of these are done through the use of the FreshLime automated marketing platform (<http://www.freshlime.com/>) designed for local services.

He adds: "We continue to see success with most businesses in the service industry. If a business' services are needed by the same customer more than once, this new FresherLeads approach is a perfect fit."

Although the company works with most service-related businesses, some of the top industries they service are HVAC/plumbing, cleaning services, appliance repair/handyman, pest solutions, salon hair/nails, dental, auto repair/detailing, pet care, spa/massage, lawncare/landscaping, taxi/limo, pool/spa, seasonal sports/rentals, and therapy (eye, mental, chiropractic, speech, etc.).

As can be seen on Singleton's LinkedIn profile on <https://www.linkedin.com/in/kjgardnersingleton>, he is uniquely qualified to deliver these types of services. With over 500 connections, endorsements, and recommendations, he has set himself apart as a true industry leader. This is further emulated in the

numerous positive reviews he has received. "FreshLime has made billing look completely different for both my customers and me," says Robert R. on the company's website. "I am able to get paid from the customer before I leave the job site. ... at the bottom of the receipt it gives my customers the ability to review my business with one click - these reviews make a big difference."

People are encouraged to visit <http://fresherleads.com/> for further information on how the automated marketing platform can benefit them.
