

Better Builders Celebrates 35 Years as Premier Custom Home Builder in Seattle Region

August 03, 2026

SEATTLE, WA - August 03, 2026 -

Better Builders, a leading construction and renovation contractor serving the Seattle metropolitan area, marks 35 years of delivering exceptional home construction and remodeling services to Pacific Northwest homeowners. The milestone reflects the company's sustained commitment to quality craftsmanship and customer satisfaction in residential construction projects.

The company has established itself as a trusted home addition contractor in Seattle, WA through decades of successful projects ranging from kitchen and bathroom renovations to comprehensive whole-house transformations. Better Builders specializes in design-build remodeling services that encompass custom home construction, accessory dwelling units, outdoor living spaces, and structural additions.

"Reaching 35 years in the construction industry represents more than just longevity; it demonstrates our ability to consistently deliver projects that meet and exceed homeowner expectations," said Pete Baughman of Better Builders. "Every project we undertake, whether it's a basement conversion or a complete home

addition, receives the same level of attention to detail and craftsmanship that has defined our reputation since day one."

The company's comprehensive service portfolio addresses diverse residential construction needs throughout the region. Services include custom home building, whole-house remodels, kitchen and bathroom renovations, home additions, basement remodeling, accessory dwelling unit construction, outdoor living space development, and exterior improvements including sunroom installations.

Recent client feedback highlights the company's dedication to project management and communication throughout the construction process. One recent project involved comprehensive construction work including foundation installation, framing, siding, window replacement, and porch construction for a mother-in-law attachment, demonstrating the company's capability to handle complex, multi-faceted projects.

Better Builders in Seattle, WA distinguishes itself in the competitive home remodeling market through its five-year craftsmanship warranty, which exceeds standard industry offerings. This extended warranty coverage reflects the company's confidence in its construction methods and materials selection, providing homeowners with additional peace of mind for their investment.

The company's approach to residential construction emphasizes collaboration between homeowners and the construction team throughout each project phase. From initial design consultations through final inspections, Better Builders maintains consistent communication to ensure project outcomes align with client visions and expectations.

As construction demands evolve in the Seattle metropolitan area, particularly with increasing interest in accessory dwelling units and multi-generational housing solutions, Better Builders continues adapting its services to meet contemporary housing needs. The company's experience with ADU and DADU construction positions it to address the growing demand for flexible residential spaces.

Better Builders operates throughout the Seattle metropolitan area, providing residential construction and renovation services to homeowners seeking quality craftsmanship and reliable project execution. The company's 35-year history in the Pacific Northwest construction industry has established it as a resource for homeowners planning renovation projects of any scale, from minor updates to complete home transformations.
